Spring 2015

## Earth Day

In honor of Earth Day create green space — plant a flower, a bush, or a tree. Clean up your space and or help a neighbor. Our community is unique having industry at one end of the Island and residence on the other. Working together we can be proud to be from the “Island”. 🐛

## Earth Day Clean Up

Litter pick up on Saturday, April 25th,  
@ 9:00—12:00 noon.

Volunteers are needed!!!!

To honor Earth Day Neville Island will be picking up litter along Grand Avenue and Neville Road, let’s make the Island a more attractive place to live and work.

Volunteers are needed if interested in helping clean up the unsightly trash left by others — we will be meeting at the Neville Island fire hall @ 9:00 am.

Bags, gloves and safety vests will be provided by the Township.

Coffee and donuts provided by Neville Green.

If interested in helping call 412-262-3620. 🐛

## Flower Planting

May 23rd—color will be in abundance on the Island as Neville Green will be planting the flower beds. If you can give a few hours of your time on Saturday May 23rd. We need your help. Time for this fun filled event 9:00 am—12:00 noon

If interested in helping call 412-262-3620. 🐾

## Garden Tip

This is the time to start getting ready for Spring. Dead head your perennials, clean up the winter debris. Start planning Your gardens. Remember we all benefit from flower and vegetables gardens, not only do we enjoy the results your gardens creates, it's a haven for the birds, bees and insects—they are happy as well. 🐾

## Make Your Own Seed Tape

All you need is toilet paper, scissors, ruler, flour, water, pencil, small paint brush and your seeds.

With the water and flour make a thick paste (similar to white craft glue).

Cut the toilet paper the length you need for your garden and then cut the paper in half down the middle the long way.

Using a pencil mark the paper spacing as directed by your seed packet.

Brush the glue of flour and water on the paper, being careful not to tear the paper.

Place the seed on the paper at the intervals as indicated by your marks on the paper.

After you are done putting your seeds on the paper you can fold the paper over itself length way.

Lay flat until completely dry. Roll the tape up and put the empty seed envelope around the seeds with a rubber band and store in a air

tight container.

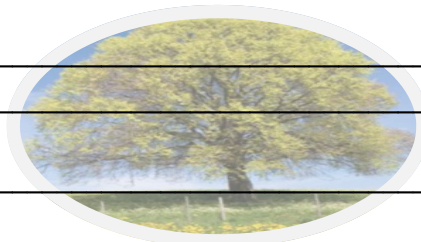

When it is time to plant your seeds, prepare your soil—plant your seed tape at the depth indicated on your seed packet.
